You think I'm an ignorant guardsman
And you've seen so many places
I guess it must be so
But still I cannot see
should the guarding one be me
Because there is so much that they won't know
They won't know

You think you understand all of the art here
Museum's just a plain thing you can see
But I know every vase and jewel and diamond
Had a life, had a splendid history

You think the only artworks that are worth it
'r made by people who learn and work like you
But if you walk the rooftops with a painting
You'll learn things you never knew, you never knew

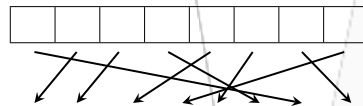

Have you ever heard the legend of the red phoenix
Or asked the idea catcher what he caught
Can you tell all of the names of all the paintings
Can you solve all of the puzzles of the past
Can you solve all of the puzzles of the past

Come run the red light sculpture at the entrance
Come view the light creations of miss Blum
Come bask in all the riches all around you
And for once, never wonder when you're done

The chef-cook and the builder was his father
The sober and the rhythmic is my friend
And they are all collected with each other
In a region, the univers'ty, here in twent'

How high does high does architecture go
If you renovate, then you'll never know
And you'll never hear the legend of the red phoenix
For whether we are placed as frst or last
We need to fnd all of the names of all the artworks
We need to solve all of the puzzles of the past

You can own the art and still
All you own is stuf until
You can solve all of the puzzles of the past
